Prices and conditions

- *Stud fee EUR 1900, - + VAT*
- The stud fee is divided into 2 rates, the non-refundable booking fee, and the covering fee.
- The booking fee of EUR 400, - + VAT is due upon submission of this contract. The booking fee is not reimbursed even if, contrary to expectations, the mare should not become pregnant. This fee secures the Mare's place in the Stallion's Breeding Book for the 2022 season.
- Before ordering the semen Page 1 of the covering contract must be filled out and sent by mail to repro@debelmose.dk and the booking fee must be paid within 5 days. The mare owner will receive an invoice for the booking fee.
- The covering fee is EUR 1500, - + VAT per mare and will be charged when the mare is confirmed pregnant.
- The shipment costs of the first shipment of semen are included in the booking fee.
- There will be a 10% discount on the covering fee for first-class mares or in the case of 2 mares or more from the same owner. Discounts cannot be combined.
- Once the booking fee is paid, semen can be ordered on Monday, Wednesday, and Friday. Semen orders must be placed by **EMAIL to repro@debelmose.dk** (state the name of the mare, registration no., and stallion on the order) before 9:00 A.M. and the semen will be delivered the next day. Any order received after 9:00 A.M. may not be processed the same day.
- Please note that there may be days where the stallion is away to competitions/breeding assessment. On these days semen can therefore not be collected and delivered from the stallion. Debelmose Ishesté will inform the mare owner within an appropriate time.
- The mare owner must give notice within 21 days of the last insemination whether the mare is in pregnant or not. If this is not done, the mare is considered pregnant, and invoicing will take place accordingly.
- The Danish VAT rate is 25%. If the mare is owned by a business with a valid European VAT number, which must be added to the contract when booking, the invoice will be generated without Danish VAT due to reverse charge.

Additional costs

- Shipping costs are EUR 200, - + VAT per shipment (first shipment is included in the booking fee).
- Registration of covering amounts to EUR 40, - + VAT.

Re-covering

- The mare is entitled to a to free re-cover during the same year (within the season) if the mare aborts.
 - In the case of non-viable foals (less than 24 hours old), the mare is entitled to a re-cover the following year against payment of a booking fee.
 - Please note that we cannot guarantee that the stallion will be stationed at Debelmose Isheste in 2024.
 - The entitlement to a free re-cover is personal and cannot be transferred or sold. The mare owner may, by appointment, use another of her/his mares for the re-cover.
 - The mare owner covers all costs associated with the re-cover (booking fee, shipping costs, certificate).
-
